

Exciting news from Trees for Life Canada!

New Online Teacher Resources!

- 6 complete lesson plans to help you introduce the life sciences component for grades 1-6.
- Lessons include background information, PPT presentations, links, web resources and activities.
- All designed to reinforce the Elementary Curriculum.
- Each grade culminates in the growing of a tree to reinforce learning in life sciences.
- NEW! Online TV series "The World's Coolest Forests"
- Teacher registration: \$25 annually
- www.trees4life.ca

The 'Grow A Tree' Program includes:

- Tree seeds for your class and a biodegradable planting carton for each student
- A teacher's manual with curriculum-based activities
- Project costs only \$1 per student plus shipping.

A non-profit, charitable organization since 1991, Trees for Life Canada has been delivering the Grow a Tree program to Canadian schools. Our volunteers are dedicated to environmental education and providing excellent resources to support elementary teachers.
